# ABOUT US

## 'Fun For Kids & Safety For Parents''

Our company is born of an old family recipe: healthy, creativity, experience, competitiveness, and passion for this work.

It is a recipe that we have been using for a great many years, more precisely since 1965, when owner founded the plastic toys factory Uçar Oyuncak, now the site of a modern and advanced confectionery plant.

Since then Ucar Oyuncak has always been our home too and the choice of keeping the management and ownership of the company within the like family has brought us significant results, such as placing us among the leading companies in the sector.

As you know that we produced all toys according to ISO 9001:2015 and BSCI rules also our all items tested by Intertek Istanbul Office. Beside of this Ucar Oyuncak audited SEDEX / SMETA Sedex (Supplier Ethical Data Exchange).

Ucar Oyuncak struggle in still produce new and educational toys for all the children of the world.

Our catchword is always "Fun For Kids & Safety For Parents"

PUNCTUAL / EFFICIENT

Ours is a modern toys factory, where technology and imagination create.
